## CPCBIV+ COMPLIANT

INDIA'S LARGEST  
FLEET OF GENSETS

A Brief Story About The Company

# ABOUT US

Aansh Services is a distributor for the new generation 750–7500 kVA CPCB IV+ Diesel Generators, offering reliable and eco-friendly power solutions for various applications. These generators comply with the latest CPCB IV+ emission norms, ensuring superior performance with reduced environmental impact.

Built with robust engines and advanced technology, the 7.5–7500 kVA range delivers high fuel efficiency, low noise operation, and excellent load acceptance. Ideal for both residential and commercial uses, these gensets feature smart controllers for easy monitoring and enhanced operational safety.

# KEY FEATURES:

- Fully compliant with CPCB IV+ norms
- High performance with lower fuel consumption
- Advanced noise and emission control
- Smart control panels for easy operation
- Durable build quality for long-lasting performance
- Easy maintenance and servicing
- Whether you need backup power for your home, office, or industrial setup, Aansh Services ensures you receive genuine products with complete support, including installation, maintenance, and after-sales service.
- Choose Aansh Services — your trusted distributor for CPCB IV+ Diesel Generators!
